

Restaurant, Bar, or Café Starter Guide

This guide tells you which forms you need to fill out, offices to visit, and decisions to make when starting a restaurant, bar, or café in Minneapolis.

For additional support, call 612-673-2499 or email smallbusiness@minneapolismn.gov

Create a Plan

- Are you ready to be an entrepreneur?** Planning, launching, and running a business is a lot of work. Ask yourself these 20 questions before starting the process. <https://goo.gl/4CmNrk>
- Connect with a small business consultant** at a service provider through the Minneapolis Business Technical Assistance Program (B-TAP) to access business training, support, and advice for opening your business. <http://www.minneapolismn.gov/business/B-TAP>

Building a relationship with a small business consultant can be a crucial step in your journey as an entrepreneur.

- Write a business plan** to map out your steps and ensure your business will start and run successfully. <http://www.bplans.com>

Starting a business can be expensive. You will need to have enough money to run your business for at least the first several months without relying on a profit. Using calculations from your business plan, determine how much capital you will need to start.

- Secure financing for your business** by connecting with a lender from a community bank, credit union, or Community Development Financial Institution.
- Determine if you qualify for any of the City's financing resources** offered through Community Planning and Economic Development (CPED). <https://goo.gl/e5yVLT>

Lenders will want to see that you have some initial capital invested in your business before underwriting a loan.

Choose a Location

- Visit the Minneapolis Development Review Customer Service Center** at 250 South 4th Street, Room 300. You will meet a Development Coordinator (DC) who will provide ongoing guidance on all regulatory requirements for opening your restaurant in Minneapolis.
- Find a location** zoned for your business. Get your location approved by zoning before signing your lease. <https://goo.gl/ar3Hr4>

If any building changes are required to bring your space up to code your restaurant, bar, or cafe, you may need to hire an architect and general contractor.

Your general contractor will pull construction permits, oversee work, and schedule inspections with the City.

- Request Sewer Availability Charge (SAC) determination letter.** You are required to pay a fee for the waste water your business will generate. This fee can be high, so get an estimate early to plan for the cost. <https://goo.gl/UjXjx8>.
- Check if you qualify** for the City's SAC deferral program for small businesses. <https://goo.gl/8ZvxxJ>
- Review American with Disability Act (ADA) guidelines** to make sure the location you've chosen is accessible and meets all ADA requirements. <https://goo.gl/xMLWFw>
- Contact the neighborhood business association** where your business will be located to get their support and learn about the resources they offer small businesses. <https://goo.gl/PxKxpQ>
- Sign your lease.** Before you sign, review your lease with a lawyer.

Register Your Business

- Verify the name you would like for your business is available.** You can use the Secretary of State Online Business Services page to check name availability. <https://goo.gl/3ttDys>
- Choose a business structure.** Decide what type of business structure is right for your business. <https://goo.gl/hmwa6K>
- Register your business with the MN Secretary of State.** LLCs, Corporations, Nonprofits, and Limited Partnerships must register with State of Minnesota. <https://goo.gl/C7rJW5>
- File a Certificate of Assume Name** if you will be using a name other than your given name, the names of your partners, or the officially registered name of your LLC or corporation. <https://goo.gl/6b8Mpe>
- Apply for a MN Tax ID and a Federal Employer ID Number.** Both are used to identify your business. If you are a sole proprietor, you may be able to use your Social Security Number instead. <https://goo.gl/aHRucU>

Before you begin withholding state taxes, you must register for a Minnesota tax ID number. If you fail to register prior to withholding Minnesota taxes, you may be subject to a \$100 penalty.

- Research the insurance you will need,** such as workers' compensation, liability, and disability insurance. If you will have employees besides yourself and members of your immediate family, you need to have workers compensation insurance. Your policy number is required to complete your business license application. <http://www.dli.mn.gov/WC/Employer.asp>

If you register your business before choosing a final location, you will have to update your registration with the new address.

To speak with a Development Review Coordinator or Business Licensing Representative, visit the Minneapolis Development Review Customer Service Center

Free Parking is available.

Public Service Center Building, Room 300

250 S. 4th Street

Minneapolis, MN 55415

Mon - Wed, Friday | 8:00 AM - 3:00 PM

Thursday | 9:00 AM - 3:00 PM

Get Your License

- Meet with your Development Coordinator** at Minneapolis Development Review Customer Service Center to go over the requirements for the business license type you will need.

Your establishment cannot open, operate or serve the public prior to receiving your business license.

- Review the business license application** for opening a food business in Minneapolis. <https://goo.gl/zqrXxQ>

- If you plan to serve alcohol**, you will need to obtain the appropriate liquor license from the City. <https://goo.gl/tMzadk>

Submit your application for a liquor license early. It can take 6-8 weeks and includes a public hearing.

- Complete Food Plan Review application.** Required of all new food businesses. <https://goo.gl/6o7LPf>

- Make a plan to have a certified food manager on site.** Minnesota state law requires that a certified food manager be present on site at all times when your restaurant is operating. Certification requires a day-long class in food safety. <https://goo.gl/tEk9WZ>

- Gather documents you will need for your license application**, including your proposed menu, a floor plan for your space, and your food plan review.

- Submit all required documents and fees to your Development Coordinator.** Check out this guide for more detailed steps to opening a restaurant in Minneapolis. <https://goo.gl/vCz8wF>

A Certificate of Occupancy is required before you can open to the public. You must schedule a final inspection by calling 612-673-2327.

What if...

- If you plan to hire employees**, be sure to follow all wage and employment guidelines. Most of these are set by the State: <http://www.dli.mn.gov/LaborLaw.asp>. There are some Minneapolis-specific labor ordinances, like Sick and Safe Time: <http://sicktimeinfo.weebly.com> and Minimum Wage: <https://goo.gl/q7NQDm>

- If you plan to host special events** at your restaurant, you will need a Special Events Permit for each event. <https://goo.gl/N7EXF3>

- If you will offer take-out or to-go containers**, they must meet the City's Environmentally Acceptable Packaging requirements. In addition, you must offer recycling and composting for recyclable and compostable materials. <https://goo.gl/Y8EBWB>

- If you want to put up a sign or awning** on the outside of your building, ensure you comply with size and location requirements. Sign Permits are only issued to Sign Contractors licensed by the City. <https://goo.gl/1fCdJR>

If you don't own your building, make sure you work with your landlord if you'd like to put up a new sign or awning.

- Green your business!** The City of Minneapolis offers Cost Sharing awards up to \$100,000 for businesses willing to invest in cleaner, greener, or more efficient technologies. <https://goo.gl/5ZftVd>

You can always call 311 with any questions, and they will connect you to the right person at the City.

- If you make any changes to your business**, such as adding a piece of equipment or additional seating, meet with your Development Coordinator as you may need to update your SAC determination, submit a new Food Plan, and obtain an additional license.

After Opening

- Post all required posters and permits** including your business license, occupant load, and required state labor law posters. <http://www.dli.mn.gov/ls/posters.asp>

- Mark your calendar.** Schedule equipment maintenance and set reminders to renew your permits and licenses as needed.

If your kitchen has a hood exhaust system, it will have to be cleaned and inspected twice a year. Hire a licensed hood exhaust cleaner who will apply for the necessary permits for you.

- Renew your business license.** Your business license must be renewed annually. Check out this video about the renewal process. <https://goo.gl/TbH54y>

- Pay Pollution Control Annual Billing.** You are required to pay an annual fee for any equipment that has an impact on the environment. <https://goo.gl/2FbCao>

- Be prepared for health inspections.** Your first routine inspection will be scheduled within 60 days of opening. Inspectors will arrive unannounced. Be sure you are always following food safety practices by regularly completing a self-inspection. <https://goo.gl/f2mJZR>

- Prepare and pay your local, state, and federal taxes.** <https://mn.gov/deed/business/starting-business/taxes>

- Expand your business.** The City offers financing that can be used to help you cover costs of expansion, such as equipment. If you plan to expand, make sure to connect with your Development Coordinator who can guide you through any regulatory steps.
